Profile

Designer with experience creating immersive 3D environments and physical installations that use light to shape space and tell stories. Skilled in 3D rendering, hands-on fabrication, and collaborative problem-solving, with a passion for thoughtful design inspired by the natural environment. Detail-oriented, adaptable, and a strong communicator who enjoys learning new skills and working collaboratively.

Education

Pratt Institute - BFA in Art and Technology, Minor in Sustainability Studies | May 2025

Experience

Design & Project Coordination Assistant | Summers, 2017–2024 | Long Island, NY

- Served as the on-site first point of contact for the crew, managing tasks and documenting site updates.
- Collaborated with the project lead on design development, problem-solving, and construction decisions from planning through execution.

Bigheavy Studios (www.bigheavystudios.com) | Designer Assistant | 2025–2026

- Fabricated large-scale installations for fashion and live event clients.
- Used SketchUp to support design development and collaborative, fast-paced production workflows.

Agile Lens (www.agilelens.com) | Intern | 2024 – 2025

- Contributed to large-scale VR productions for Four Seasons Hotels & Resorts, creating Unreal Engine scenes optimized for real-time performance and client presentations.
- Engineered custom UE plugins and conducted R&D on AR/VR technologies, improving internal prototyping workflows.
- Assisted with simulations and demos, supporting live, time-sensitive client sessions.

Pratt Institute | Assistant Instructor | 2023

- Led software training sessions in TouchDesigner and VCV Rack for high school students.

Skills

Design & Visualization

3D Modeling & Rendering • Environmental Visualization • SketchUp • Unreal Engine • Adobe Creative Suite (Photoshop, Illustrator, Premiere Pro, After Effects)

Fabrication & Installation

Installation Design • Hands-on Fabrication • Spatial Design

Environmental Focus

Sustainable Design Practices • Horticulture • Nature Photography

Professional Strengths

Strong Communicator • Collaborative • Detail-Oriented • Adaptable • Quick Learner
